

NSF webinar on “විද්‍යාව හා තාක්ෂණයෙන් ලොව කිසිවෙකුට නොදෙවනි විමට ඔබට විභවයක් ඇත.”

Sri Lankan scholars and researchers from around the world are second to none in the world in science and technology. Most of them hold senior positions not only in foreign universities and research institutes but also the industry.

Eng. Nipuni Karunaratne is one such talented Sri Lankan young engineer working as the Manager, Digital Technology in Rolls Royce Company in United Kingdom. The world’s largest state-of-the-art aircraft maintenance yard in Atlanta, United States was designed under her supervision and leadership.

The National Science Foundation (NSF) recognizes the need to inspire the children of the nation. Diversified programmes that support the development of the knowledge and skills of the children has been introduced by the NSF with the objective of development of the nation.

The NSF organized a webinar on “විද්‍යාව හා තාක්ෂණයෙන් ලොව කිසිවෙකුට නොදෙවනි විමට ඔබට විභවයක් ඇත.”

on the 29th October 2021 with participation of hundreds of school children, students in universities and vocational training institutes. Key highlights shared by Eng. Karunaratne during the webinar in order to win goals in your life are as follows.

- Set your goal and a befitting roadmap
- Learn from mistakes and passionate perseverance
- Continue to learn, be creative and innovative
- Don’t wait till others to tell on your way
- Explore opportunities continuously to leverage your passion
- Maintain self-disciplines throughout the life e.g. punctuality
